

Mahshid Roshandelpir

Authorized to work in the US as a permanent resident

(714) 360-9095

mroshand@mywvm.wvm.edu

1235 Wildwood Ave, Apt 70, Sunnyvale, CA 94089

Website: www.mahshidroshan.com

Summary Mahshid has academic and hands-on experience in information technology engineering. Specifically, she is well experienced in computer software and hardware maintenance, internet operations, and web design. She has passed several courses related to IT engineering and management, computer software and hardware, web design and development, and computer networking.

Education **Web Developer Certificate** Jan 2021 – Jul 2022
Mission College, Santa Clara, CA GPA: 4.0 / 4.0

Selected Courses:

| | |
|---|-------------------------------|
| Introduction to computer hardware and software (A+) | Web animation |
| Introduction to computer science | User experience, interface |
| Web design and development 1 and 2 | Social media marketing |
| JavaScript 1 | Python programming |
| | Database management systems 1 |

BS in Information Technology Engineering

Azad University, North Tehran Branch, Tehran, Iran

Thesis: "A Survey of Smart Building Management Systems"

Sep 2012 – May 2017

GPA: 16.53 / 20

Selected Courses:

| | |
|-------------------------------------|--------------------------------|
| IT Fundamentals | Entrepreneurship |
| IT Project Management & Control | Logic Circuits |
| IT Strategic Management | Computer Architecture |
| Scientific & Technical Presentation | Digital Electronics |
| Network+ | Software Engineering 1&2 |
| Computer Networking 1&2 & Lab | Operating Systems & Lab |
| Artificial Intelligence | Programming & Algorithm Design |
| Management Basics | Theory of Languages |
| Engineering Economics | Database Design & Lab |
| Organizational Behavior Management | Computer Graphics |
| | Multimedia Systems |

Experience **IT Engineering Intern** Jun 2015 – Sep 2015
Road, Housing & Urban Development Research Center, Tehran, Iran

- Data Entry
- Computer Software and Hardware Maintenance
- Internet Operations

Class Projects

- Design several responsive web pages using HTML, CSS, and JavaScript
- Design a simple computer game with Adobe Animate
- Design a user interface for an airline with Figma and Adobe XD
- Design a database management scheme for a bookstore using SQL
- Design an online library with Rational Rose Enterprise
- Design dynamic graphics with OpenGL

Sep 2012 – present

Skills **Software**
Computer Maintenance, Operating Systems, Microsoft Office, Web Design and Development (HTML, CSS, JavaScript), ICDL, Data Entry, Accounting, Mobile Device Management, Social Media, Computer Graphics, OpenGL, Multimedia Builder, Python, SQL, Rational Rose Enterprise, VMWare Networking, Network+, Cisco Packet Tracer, Adobe Animate, Adobe XD, Figma

Hardware

Computer Maintenance, Computer Assembly, Networking
